Continuation of Substance of Interview including description of the general nature of what was discussed: On July 12, the examiner called to indicate product claims may encompass a human placenta because the tissue matrix could be a placenta, and the stem cells are naturally present in a human placenta. The applicant's rep. agreed to consult applicant to make a proper amendment. On July 19, Mr. Graham proposed to insert "decellularized" before tissue matrix and the changes will be made by an examiner's amendment.
